

COMMENT ON THE REACH REGULATION

Neufeld, January 29th, 2013

This comment applies to Trafomodern Transformatoren Ges.m.b.H.,
Industriegebiet 2/11, 7053 Hornstein, Austria.

If the substances are used according to the producer's indications, then no further measures need to be taken according to Regulation (EEC) no. 1907/2006 concerning the registration, evaluation, authorisation and restriction of chemicals (REACH regulation), insofar as no substances are produced and no substances are imported into the EU.

This comment comprises a single page, and may only be published in its entirety without any additions or omissions.
